## 2019 Capital Improvement Project

[Why is my property taxes going up?](#)

## Police Phone Number

The police number is **936-9373**. This number will connect you to White Earth PD Dispatch.

## For sale or lease - 9,750 square feet of downtown land

The City of Mahanomen has several Economic Development incentives available to businesses and commercial properties in the city, including the sale or lease of a prime 130' x 75' vacant lot located in Downtown Mahanomen, with the potential for off street parking.

Please click on the "[Economic Development](#)" tab for additional information.

## Welcome to the City of Mahanomen!

We hope you enjoy browsing the Mahanomen website and by doing so, you can get a feel for the City and what we have to offer not only to citizens of Mahanomen, Mahanomen County and the White Earth Reservation but also to the many tourists and guests that come to our community.

The City serves not only as the seat of Mahanomen County, but also as a trade, health, education, recreation and tourism center for those living within a 40-mile radius. We are the home of an excellent hospital and clinic, the Mahanomen Health Center. An excellent K - 12 Public School System, and St. Michaels Catholic School offering Pre-school - 6 grade, and the newly built White Earth Tribal and Community College. We are also home to the Shooting Star Casino and Hotel with its first class shows and entertainment!

We want everyone who looks at this site to know that you are welcome in our community as a tourist or as a future resident or business owner. If you are a resident already, we hope this site is informative as to what is happening in our City. If you are a new resident or business there is also a helpful guide to area services under Helpful Links than click on "Welcome to Mahanomen." If you are visiting, we want to welcome you to Mahanomen, and enjoy all that we have to offer!

## Why are our property taxes going up?

For information on why the city's property taxes are going up please click [here](#) for more information.

## PAY YOUR WATER/SEWER BILL ONLINE

To pay please click [here](#)

## Prevent Water Freeze Ups

**Due to the continuance of cold temperatures, we have the potential for water service line freeze ups. Please check the temperature of your cold water by letting it run for a few minutes and then testing with an accurate thermometer. If the temperature is less than 35 degrees you should consider letting a faucet run in a stream about the diameter of a pencil, and especially if you have had freeze ups in the past.**

**At this point we do not know how many people will be affected or for how long. We do not know if there will be billing adjustments made, but we ask that you call City Hall 218-935-2573 and let us know if your water is cold enough that you**
